Denyo Group Company Generator Sets a New Record for Continuous Operation in Indonesia

MURI Record Certificate

On August 29, 2014, the DCA-25ESK generator manufactured by Denyo Group Company in Indonesia P.T. Dein Prima Generator was certified by MURI* after achieving 3,740 hours of continuous operation, substantially exceeding Indonesia's previous record for continuous generator operation.

*MURI stands for Museum Rekor Dunia Indonesia (Indonesia Records Museum), which is the recognized authority for records certification in Indonesia.
