### [ Highlight ]

Experience our highly mobile and light backpack-style battery welder. Discover our automatic idle stop feature that reduces CO2 emissions and environmental impact. Also, see multi-process engine welders that combine welding units like TIG for various welding methods with a single unit, and more. You can find the best engine welder for your welding style and the global environment.

### [ Exhibition Products ]

- BDW-120BP: Backpack-style battery welder
- DLW-400ESEW5: The world's cleanest Europe model stage V engine-mounted welder
- DLW-500ISW: The engine welder has excellent eco functions and is usable as a multi-process.
- And more: Environment-conscious structure and eco functions mounted engine welders
