Denyo Co., Ltd.

Denyo Strengthens After-Sales Network in Indonesia through Partnership with Coates Indonesia

Denyo Co., Ltd. and its Asia sales subsidiary, Denyo United Machinery Pte Ltd, have signed a memorandum of understanding (MOU) with PT Coates Services Indonesia to enhance after-sales service coverage for Denyo products in Indonesia.

This partnership aligns with Denyo's mid-term plan "Denyo2026," which focuses on strengthening global sales and service networks to improve customer satisfaction. Indonesia, as a key Southeast Asian market with strong economic growth, plays a vital role in this strategy.

With Coates Indonesia's extensive service capabilities and nationwide network, Denyo aims to provide not only high-performance equipment such as engine generators and engine-driven welders, but also reliable, localized after-sales support. Together, both companies will work to expand service reach, enhance customer satisfaction, and drive sales growth.

PT Coates Services Indonesia, along with its group company PT Coates Hire Indonesia, has over 30 years of experience in providing equipment and services across Indonesia. With a strong presence in the mining and plant sectors, the company is known for delivering safe, high-quality support tailored to customer needs.

Denyo Co., Ltd., headquartered in Japan, is a leading manufacturer of engine-driven generators and welding machines. With a long-standing reputation for durability, high performance, and innovation, Denyo's products are used in over 150 countries and regions worldwide. The company is also actively developing next-generation energy solutions such as fuel cell power units and hydrogen-powered generators, demonstrating its commitment to sustainable power generation.
